

**TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE**

FISCAL NOTE

HB 983 – SB 856

February 24, 2011

SUMMARY OF BILL: Requires local law enforcement agencies to take any necessary action to immediately transmit Tennessee or foreign orders of protection, and any subsequent modification or dismissal of the orders, directly to the National Crime Information Center (NCIC). Directs the removal of the protection orders contained in the Tennessee Criminal Information System (TCIS) from the Tennessee Bureau of Investigation's database within two years from the act's effective date and directs the TBI law enforcement support unit to ensure that local law enforcement agencies have properly verified and entered all orders of protection into NCIC.

ESTIMATED FISCAL IMPACT:

NOT SIGNIFICANT

Assumptions:

- Local law enforcement agencies are currently required to enter protection orders and dismissal orders into TCIS before transmitting them to NCIC. Requiring direct transmission of the orders to NCIC will not result in a significant procedural or fiscal impact to local government.
- Directing the removal of the TCIS order of protection files from the TBI database and directing the TBI to verify the NCIC entries made by local law enforcement personnel will result in a not significant impact on the Bureau.
